It's a change
that reaches down and suddenly lifts you,
At the end
of a rainy day when you sat alone and cried.
It's a sign
that lets you know there is a life awaiting,
The day
you make your peace with the love in you that died.

When the pain dies down
And the dam becomes a river.
The fire burns out under the rain.
Can you feel it now?
It's gone from you forever.
Fading out under the rain.

Like a train,
That takes its time pulling out of the station.
It's a dream
that comforts you in the middle of the night.
It's a song
that carries you to a better emotion.
And now,
Now you know it's going to be alright.

When the pain dies down,
And the dam becomes a river.
The fire burns out under the rain.
Can you hear me now?
A simple conversation
Fading out under the rain.

The past is there behind you
and nothing is forever.
Dancing on the river again
da da da da da da
la da da da da
la da da da da da dum
la da da da da da daa

When the pain dies down,

And the dam becomes a river.
The fire burns out under the rain
Can you feel it now?
It's gone from you forever
Fading out turning away.

When the pain dies down....
