Candy everywhere, got chocolate in my hair  
Aching to get me  
Sticky sweet suckers in the Halloween air  
Aching to get me  
Saint Vitus dance on my molars tonight  
Aching to get me  
Aching to get me, get me, oh...

Take it to the doc, guess he oughtta know  
La da da da da  
Which ones can stay and which ones gotta go  
La da da da da  
He looks in my mouth and then he starts to gloat  
He says my teeth are okay but my gums gotta go  
Oh, Oh....

I come off the gas but I'm still seeing spies  
Aching to get me  
And I can see them all through a pair of glassy eyes  
Aching to get me  
DeSade's gonna live in my mouth tonight  
La da da da da  
And the rotten tooth fairy is satisfied  
La da da da da  
Aching to get me, get me, oh...
