Welcome to my nightmare,
I think you're gonna like it,
I think you're gonna feel you belong.
A walk to vacation,
A necessary sedation,
You wanna feel at home cause' you belong.

Welcome to my nightmare,
Welcome to my breakdown,
I hope I didn't scare you.
That's just the way we are,
When you come down!
We sweat laugh and scream here,
Cause laugh is just a dream here,
You know inside you feel right at home.

Yeah, welcome to my breakdown, Ohhhh...
Welcome to my nightmare, Yeahhhh...

Welcome to my nightmare,
I think you're gonna like it,
I think you're gonna feel you belong.
We sweat laugh and scream here,
Cause laugh is just a dream here,
You know inside you feel right at home.
Welcome to my nightmare,
Welcome to my breakdown.
Yeah!
