*[Silkk]*

U know what I'm bout

*[Trina]*

U know what I'm bout

*[Master P]*

Yo Silkk ask Trina can she wobble that thing...

Where my niggas yo?

Where my ladies yo?

*[Silkk]*

Who you know could give it to you until you fall out

When you wake up - go by the mall out

Hop on the plane sperm or nothing never thawed out

Have her saying my name like Destiny's Child

Cause I go all out

Speaking more sex than money so talk with your  
tongue out

And sex unbelievable, plus the money never run out

I'm a thug so I walk the street with my gun out

Top up when the sun set, top down when the sun out

oh you want me, pushing up your number on the slick

Try to make the scene when I was in front of the click

how bout I pull the thongs off in the summer and shit

Laughing at my joke when it wasn't even funny and shit

She need a t-mac ms shaq she think that I ball

She know I'm a real nigga, plus she love that I'm tall

Checks again when she missed the phone, thinking I  
called

She wanna fall for me look, but she think I'm a dog

*[Chorus: Silkk]*

Need somebody with some doe

That's cool

Who gon keep it on the low

That's cool

Who gon do you right

That's cool

You need a soulja in your life, that's right

*[Chorus: Trina]*

You need a lover and a friend  
That's cool  
Who got ya back to the end  
That's tru  
Somebody that's off the chain  
That's cool  
Who could twurk that thang

*[Trina]*

You wanna fuck that's cool but you gotta be the

Take me the Prada, buy my the latest  
Try it on the jet, fly me to Vegas  
The Baddest Bitch can't nann hoe fade this  
Paid bitch, in a gray six, made bitch  
Blinging about 10 karats in the bracelet

And when its time to ride for my man, I'm a ride

Not cook, clean or nothing cause I got maids for that

*[Silkk]*

So I gots to put it on ya, have ya acting all silly  
Then try to convince yourself that you aint catching  
feelings  
I need a girl who bout it and know how to hit it  
You aint gotta scheme on the doe,  
cause if ya cards right, you gon get it  
Some chicks aint real though, (Some niggas'll stunt)  
I know what a woman need, (I know what a nigga want)  
So keep it tight, and fuck the world  
And who ever end up with me, that's one lucky girl

Who gon keep it on the low  
That's cool  
Who gon do you right  
That's cool  
You need a soulja in your life, that's right

*[Chorus: Trina]*

You need a lover and a friend  
That's cool  
Who got ya back to the end
