[Intro - Christina Milian]

Never

Never

[Verse 1 - Christina Milian]

I been lying here, staring at the wall

Since I met you I've been so messed up, it's critical

I want your everything

But you ain't giving back

It's getting deep now

It's getting deep now

I was crazy, so-so naive too

You mean everything to me

But I mean nothing to you

[Chorus - Christina Milian]

Never should've said hello

Never should've let my eyes turn back

I was happy on my own

I never should've said, said, said hello, hello

[Verse 2 - Lil Wayne]

Uh, smoking on some grass

Got me thinking 'bout yo' ass

Can't believe it didn't last

Ride or die, I guess we crashed

Left me hanging and now I'm drinking

And I don't drink, but I'm no saint

Broke my heart like I break the bank

Damn, gotta watch my love boat sink

What? You think your shit don't stank?

Fucking with you, now I gotta see a shrink

I think about you more than I blink

And we were so right, write like ink

I think you want me like I want you,

Overall, like a jumpsuit

You can count on me like 1 2

But you dropped me like a sunroof

Fuck's up with that?

I want yo' ass back

So won't you pass back

And throw that ass back
Damn, and we don't even speak no mo'
But you had me at hello

[Chorus - Christina Milian]
Never should've said hello
Never should've let my eyes turn back
I was happy on my own
I never should've said, said, said hello, hello

[Verse 3 - Christina Milian]
I been lying here, staring at the wall
Since I met you I've been so messed up, it's critical
I want your everything
But you ain't giving back
It's getting deep now

[Chorus - Christina Milian & (Lil Wayne)]
Never should've said hello
Never should've let my eyes turn back
I was happy on my own
I never should've said, said, said hello, hello
(Young Mula baaabby)
Never should've said hello
Never should've let my eyes turn back
I was happy on my own
I never should've said, said, said hello, hello
