Secrets...

You said there's no solution here to find
You went away and left it all behind
I tried to open up your heart
But we always ended up apart oh...

All the secrets I can not reveal
Secrets made you cold as steel
All the secrets that you tried to hide
You didn't need me by your side

I used to think our love was so sincere
But after every fight you disappeared
You tried to put the blame on me
But you won't get away so easily

All the secrets I can not reveal
Secrets made you cold as steel
All the secrets that you tried to hide
You didn't need me by your side

You said there's no solution here to find
You ran away and left it all behind
I tried to open up your heart
But we always ended up apart

All the secrets I can not reveal
Secrets made you cold as steel
All the secrets that you tried to hide
You didn't need me by your side

Secrets I can never tell
Secrets get me in a shell
Secrets that we try to hide
You didn't need me by your side

All the secrets I can not reveal
Secrets made you cold as steel
All the secrets that you tried to hide
You didn't need me by your side (oh...)
