(Verse 1)

I'm so glad I've been redeemed. God's love is so sweet
it's like a dream

But I pinch myself to let me know it's real and after all
the things I've done he loves me still.

Higher: first he saved my soul

Higher: steady making me whole

Higher: His love is making me strong

High: Gives me the strength to go on

(Chorus)

His favor is falling, Can you hear him he's calling
He wants to restore you, He'll give you grace: Grace
Amazing

(Verse 2)

I'm forgetting all the things that are behind and I'm
pressing forward so I can reach my prize.

I got a crown of glory waiting for me, got my homies
praying for me, you can't stop me now

I'm turning my life around

Higher: first he saved my soul

Higher: steady making me whole

Higher: His love is making me strong

High: Gives me the strength to go on

(Chorus 2x)

(Rap)

If you just can't win, because you're trapped in sin
You want to get right within, He's giving you grace.

He's giving you grace

(Chorus 2x)
