"New Day"

I'm not scared
when you are around
Though you're gone
I still feel you
Here I had so much to say to you
I know you're gone
but if I say it out loud
I hope you'll here me out some how
This is a new day
The start of a new way
This is a new day
The sun washed the flood away
Please don't go
I want you here with me
Please don't leave
I need you here
so please don't go
Here in this room
I feel nothing but you
You're speaking through these walls
Just to hear you

Talk instead of whispers from the halls

I know you're gone

but the memories and the times we shared

will never come again

This is a new day

The start of a new way

This is a new day

The sun washed the flood away
