My cold eyes are weary  
and I have forgotten how to see  
My poor and delirious mind  
can't remember how to think  
I'm not so sure that gravity is holding me down  
I am convinced that the world has written me off  
and cast me out  
I've given my all  
and I've taken the fall  
so many times in my life  
It's all for you  
It's all for me  
to be not so lonely  
My rough hands are tired  
but they're not too weak to feel  
I'm losing touch  
with just how much of this is real  
I've accepted the gravity of what has become of me  
now  
I look for proof that the world has written me off  
and cast me out

I've given my all  
and I've taken the fall  
so many times in my life  
It's all for you  
It's all for me  
to be not so lonely
