"Ready Or Not"

I've waited for awhile

I can't forget how your lips hold up your smile

Those Bristol lights are dawning on me

and it's bringing you back

Are you thinking of me

And I can't stop now

You are the only way

And I'm feeling like it's ready or not this time

and you've got that look in your eyes

I can fight

I can win

for the chance let me in tonight

and let me make it alright

I don't know how

and I don't know why you would trust me now

I've buried myself in letters to you

but the words can't compare

to what I stand to lose

And I'm feeling like it's ready or not this time

and you've got that look in your eyes

I can fight

I can win
for the chance let me in tonight
and let me make it alright
Let me make it right
Let me make it alright
