Oh let's do it (let's do it yea, yea)

Listen

I know

Oh let's do it (let's do it)

I wanna, I wanna, I wanna

I'm ready

(Verse)

I got my sexy on, now I need some action

Call my new boo up, cause I want some action

Got the drinks on deck, come on you know what I want

Said you were the best, and you can give me what I
want

Lock me, lock me up up, cause I work with handcuffs

Anything to lead to, my imagination

Grab you by your collar, make me, make me holler

Make my body move just, like we making music

(Chorus)

Give it to me now, give it to me baby

Drop, drop, drop, drop, beat me up baby

I'll give you my all, just return the favor

Ladies if you feel me, let me hear you say yeah!

Oh let's do it, oh let's do it, oh let's do it, yeah

Mixing music, I influence, I influence, yeah

Oh let's do it, oh let's do it, oh let's do it, yeah

Starting music, I influence, I influence

(Verse)

Well hello, how's your night?

And what you've been looking for all your life?

Money talk, love ain't got no price

But I'm so fly, don't miss this flight

Last man ain't work it, now your heart's on strike

Will I repair it, oh I might

But life's a gamble baby, you will never know

Till you roll them dice
Oh I'm just a dawg baby, not house broken
And my money so outspoken,
Not trickin baby, that's not appropriate
Shawty you not privileged to a single token
I take her home, I pile drive her
I don't wife em, I one night em
She gets hotter than a wild fire
Up and down my pole like a firefighter, I'm gone

(Chorus)

Give it to me now, give it to me baby
Drop, drop, drop, drop, beat me up baby
I'll give you my all, just return the favor
Ladies if you feel me, let me hear you say yeah!
Oh let's do it, oh let's do it, oh let's do it, yeah
Mixing music, I influence, I influence, yeah
Oh let's do it, oh let's do it, oh let's do it, yeah
Starting music, I influence, I influence

(Verse)

I'm going for round 2, cause my body's yearning
For some more of you, as long as you can handle
And fuel my appetite, satisfy me over and over and
over and over again
We can make tonight, a fantasy feel night and
I can be your drum, beat me like you wanna
Things are getting hotter, hotter than our love, ah
Maybe you should know, that I'm about to blow

(Chorus)

Give it to me now, give it to me baby
Drop, drop, drop, drop, beat me up baby
I'll give you my all, just return the favor
Ladies if you feel me, let me hear you say yeah!
Oh let's do it, oh let's do it, oh let's do it, yeah
Mixing music, I influence, I influence, yeah
Oh let's do it, oh let's do it, oh let's do it, yeah
Starting music, I influence, I influence
