your now rocking with mfg, its the big homie nathan,
you know exactly how to work i baby,
yeah when you shakin that ass on me(hold up),
let me take a picture,
baby make sure you smile,
you can chill for a minute or you can stay for a while,
cmon left right left you,
make me lose my breathe too,
whatever you wanna do,
you just wanna dance,
and i wanna see it,
i cant believe it,
im hypnotised,
you got me mesmerized,

i gotta say im feelin you,
you got me trippin and i love the way you move,
noone does it like you do

the way you move
