You don't know the way I feel,
Your silent grace just holds me
I've slept forever on the inside
Sometimes I feel
I feel like you believe

I only think about myself
But I love the way you move me
And I'll give you all that I have left
So this can all be beautiful

Feels like I'm permanently yours
And your hands look empty
I feel I'm empty handed too
Just waiting for these
Scars you still bear
In a place where you have healed
Maybe I can meet you there

I only think about myself
But I love the way you move me
And I'll give you all that I have left
So this can all be beautiful

I know the sky was falling
But I won't make that worse
Your name, it fills my words
And I remember how it hurts
But I believe that I can save you
If you grab my hand

She said it's not that easy
Sometimes I feel

You only think about yourself
But I love the way you move me
And I'll give you all that I have left
So this can all be beautiful
Well, I only think about myself
But I love the way you move me
And I will give you all the strength

That I have left
So this can, so this can
So this can all be beautiful
