You've got me laughing
I can't stop smiling
Life is wonderful, as I am realizing
I don't know how to say
That you always make my day
But please stay.

'Cause you're kinda sorta amazing,
Twisting me up and driving me crazy
Looks like rain but I don't mind,
You're the sun that makes me shine
I once was lost but now am found
I belong with you, safe and sound
You make me smile, I don't know how or why
But it's about time.

You caught me by surprise, giving me these butterflies
And I'm happy when I am with you.
The way we talk without any words
And when you tell me I'm such a pretty girl
Well then I know that you'll make me less blue.

'Cause you're kinda sorta amazing,
Twisting me up and driving me crazy
Looks like rain but I don't mind,
You're the sun that makes me shine
I once was lost but now am found
I belong with you, safe and sound
You make me smile, I don't know how or why
But it's about time.

I get so nervous, 'cause I'm far from perfect
But you see through it all
Sometimes there's troubles in my life
But I think that I will be alright
'Cause you will catch me when I fall.

'Cause you're kinda sorta amazing,
Twisting me up and driving me crazy
Looks like rain but I don't mind,
You're the sun that makes me shine

I once was lost but now am found
I belong with you, safe and sound
You make me smile, I don't know how or why
But it's about time.
