Darling, I will always love you  
No matter what you do  
I will love you when you're happy  
I will love you when you're crabby  
And all the times in between.

You're the kind of person that makes me glad to be  
alive  
And everything's okay 'cause you'll always be by my  
side  
Baby just maybe, could you stay for tonight?  
And sing me to sleep?

Darling, I will always love you  
No matter what you do  
I will love you from your head to your toes  
I will love you from your feet to your nose  
And everything in between.

You're the kind of person that makes me glad to be  
alive  
And everything's okay 'cause you'll always be by my  
side  
Baby just maybe, could you stay for tonight?  
And sing me to sleep?
