I'm loosing sleep
I can't get you
Out of my dreams
Is this what it feels like
I have a question
You need to answer
Are you just playing me
When we talk girl
All you say is non sense
You keep your heart locked
And I can't find the combination
I need a sign to
Ease this discombobulation
That's got me loosing my mind

Cause I know you're the one for me
I wanna chance to see
But I know you make it so much better
Give me a chance you know
We'll make this last to the end
You're the one, You're the one for me

I'm starting to think that you're
Just another girl
With a knack for breaking hearts
This feelings got me
Wishing that I'd let you go
Before you broke me apart

Cause I know you're the one for me
I wanna chance to see
But I know you make it so much better
Give me a chance you know
We'll make this last to the end
You're the one, You're the one for me

Your a wicked spell that you put on me
I think I'm under attack
Well I'm falling I'm, I'm falling in love
In love
With you my worlds spinning faster

With you

Cause I know you're the one for me
I wanna chance to see
But I know you make it so much better
Give me a chance you know
We'll make this last to the end
You're the one, You're the one for me

I think I'm falling in Love
In Love
I think I'm falling
I think I'm falling in Love
