You don't have to say a thing
Cause you ought to know
You don't have to be afraid
Cause you know I'll never
Let you go

3 years and we're only 17
At this rate love can feel
Like a bad dream
Your parents said that
We're never gonna make it
Sounds like a bet
And I think we should take it

Baby please don't go
Stay where you want
We don't ever have to be alone
Baby Please just stay
Take my hand no looking back
Cause we're just kids and we're
Falling faster
Take my hand
And we'll write the next
Chapter
Cause I don't wanna be alone

Sometimes you work so hard
Sometimes you don't go very far
But you and me
We can make it through anything
I know it's true
Baby if we just believe

6 years and it's gone so fast now
On the highway
Driving down
To Dallas
Tonight you said that
You still love me
Even though things are
How they should be

Baby please don't go
Stay where you want
We don't ever have to be alone
Baby Please just stay
Take my hand no looking back
Cause we're just kids and we're
Falling faster
Take my hand
And we'll write the next
Chapter
Cause I don't wanna be alone
