I haven't seen you in the longest time,
I gotta say can't
getcha off my mind
I'm like a shaking fool

oo-oo
oo-oo
oo-oo-oo

Lately I'm dining on gin and sake,
I'd like to dress you like a rich Iraqi
So separated
(repeat oo-oo)

I'm in the secret cellar
You're becoming Barbarella
I dont know why, I dont know when
I dont know where to get up

Stay around
I'll tell you secrets in the night
oo-oo...

She came out looking like some Cinderella
Walked out the door becoming Barbarella
It's hard to keep my cool
(repeat oo-oo)

I'm in the secret cellar
You're becoming Barbarella
I dont know why, I dont know when
I dont know where to get up

So stay around
And tell me secrets in the night
oo-oo..

Keep holding questions with a million answers
We got pedestrian Brazilian dancers
Who like to break the rules
(repeat oo-oo)

I'm in the secret cellar
You're becoming Barbarella
I dont know why, I dont know when
I dont know where to get up

So stay around
I'll tell you secrets in the night
oo-oo..

I'm in the secret cellar
You're becoming Barbarella
I dont know why, I dont know when
I dont know where to get up

So stay around
And tell me secrets in the night
oo-oo..
