Blame it on the weather, but i'm a mess
And this february darkness has me hating everyone
And i know i need your comfort, but this drama makes
me sick
And the longer i lay here, i know it's harder to get up
Without you

[chorus]
Lose another day here
Lose another year here
I'm with you

Finally, something out there, that's making sense
And it's just another trend carefully hidden in your
dress
And this cycles neverending, and this fashions
overdone
And the further that i run away, the further i'll come
back
To shelter...

[chorus]
Lose another day here
Lose another year here
I'm with you

You are the fire, on my apartment floor
Sixteen stories, i'd rather burn then fall
And it isn't fate, that took us all by storm
It's just the turn of a card

Lose another day here
Lose another year here
I'm with you

You are the fire, on my apartment floor
Sixteen stories, i'd rather burn then fall
And it isn't fate, that took us all by storm
It's just the turn of a card

Goodbye old friend
Goodbye goodnight
I'll move on
You'll call it fate, i'll call it karma
We had our time, it was fun
While it lasted

I'll look back, (look back)
With honor
And no regrets
I won't be mad, won't feel bad
These memories (these memories)
Will never leave me
Don't be sad
Cause life goes on, life goes on
It's getting too late (too late)
Tomorrow is here
