If you've never felt
An aching in your heart
You've never been in love, and
You've never been apart

There's one golden rule
That I was never told
It takes more than a romance
To stop you feeling old

You girl, I think about you
On my mind
For you, it's true
Am I too late?

Say there's no such thing
As civil civil war
And every time I fight it
I never feel sure

You girl, I think about you
On my mind
For you, it's true
Am I too late?

(Repeat)

'Cause I will break your heart
And I only know what was
So hide under your tongue
Are you better off alone?

You girl, I think about you
On my mind
For you, it's true
Am I too late?

(Repeat)

'Cause I will break your heart
And I only know what was
So hide under your tongue

Are you better off alone?

(Repeat)
