Addiction's held you back
But you don't care
'Cause you're on a high again
It's not fair
Consumin' alcohol
While I gotta drive
Take a hit from the drugs you stole
And try to survive

Since your love was over
You haven't yet been sober
You, you have held me back so long
Everything you do is wrong

Why I had to dump you?
Continue my life too
I tried to help you
Don't care what you do

Your state of mind's improved
But we're still apart
I visited, you'd moved
Don't know where to start
Your life's an open cold sore
Gotta get out the cream
Now I'm thinkin' positive
I know it's a dream

Since your love was over
You haven't yet been sober
You, you have held me back so long
Everything you do is wrong

Why I had to dump you?
Continue my life too
Tried to help you
Care what you do

You died yesterday
You died yesterday
You died yesterday
You died yesterday
