When I found my thoughts
It seems I'm missing myself
In the dark of the night in the ocean of time
So I pick between the cracks
In the time that I ride
But the soul madders drives
And the veins in the sky
Picture something real
Something I can feel
Because the truth feels like a movie

Chorus:

All u do is ramble
Discarding life of shambles
Ramble to break a silence
Open up and ramble
To break the silence
And open your mind
Leave it behind you

Now when I'm good an gazed
To its a clear sky coz nothings secure
Camp behind bars
And I love everything
You've learnt to ignore
But u don't want to hear
If you've heard it before
Picture something real
Something I can feel
You take a life
And make every watch again

Chorus:

All u do is ramble
Discarding life of shambles
Ramble to break a silence
Open up and ramble
To break the silence
And open your mind
Leave it behind you

Open up your eyes
Thinking bout all of the things

You were never sure x 2

Coz all u do is ramble
So life is in a candle
Ramble to break a silence
Open up and ramble
To break the silence
And open your mind
Leave it behind you
