I'm walking down the street
My feet feel like dancing
(I love Europe)
The people that I meet
Are smiling, romancing
(I love Europe)
It's something in the air
That makes it enchanting
(I love Europe)
This is the place for you and me
We're a part of one big family

I love Europe
From the sun in the south
To the ice in the north
I love Europe
I love Europe
I love Europe

When you are by my side
I feel so excited
(I love Europe)
My heart is beating fast
I just can't deny it
(I love Europe)
A party's going on
And we are invited
(I love Europe)
This is the place for you and me
We're a part of one big family

(We see the sun so high above)
This is magic
C'est magnifique
(And down below the deep blue seas)
And all the people are together
(A feeling of eternal love)
Ciao, buenos días, que tal, wie geht es dir?
(Is there for you and me)

In Paris or in Rome

The same good vibrations
(I love Europe)
It's just like coming home
In all our nations
(I love Europe)
I feel it all around
This groovy sensation
(I love Europe)

I love Europe
We're a part of one big family
(We're a part of one big family)
This is the place for you and me
We're a part of one big family
