Coast to coast
Mile by mile
Day by day
Hour by hour
Slow down - runaway

Happy in love
Sad and lonely
Not to sure what you want
Slow down - runaway

Why don't you settle down
Aren't you just burned out by now
Why don't you stop! Runnin' from town to town,
you're up and down and all around

You found the one, then you get bored
You let 'em go
Twirl in circles - fall down - runaway

You're here - you're there
Forgettin' where you shackled up
This town that town
Don't know where you'll end
Slow down - runaway

Little baby, don't you hear me, go home
Baby, go back to something you own

Different stories
One by one
Truth or lies
Then they all catch up
Which one - runaway

Face it
Let it go
Then grow
Embrace it

Keep a hold on
To your dream - runaway

Why don't you settle down
Aren't you just burned out by now
Why don't you stop! Runnin' from town to town,
you're up and down and all around

Why don't you settle down
Aren't you just burned out by now
Why don't you stop! Runnin' from town to town,
you're up and down and all around
