It's not impossible that two
People like me and you
Could find each other in this world

Love is beyond our control
It's a seed that wants to grow
Into something beautiful

It's beating for the two of us
And now we share the strength of a heart

With the strength of a heart
We hold the key to unlock
Our door to forever
With the strength of a heart
We find out who we are
And everyday we're stronger
With the strength of a heart

Words can never say enough
So listen to my touch
And believe what it's telling you

Now I feel it everyday
Hearts pounding away
With a rhythm made for two

And beating for the two of us
What we share the strength of a heart

With the strength of a heart
We hold the key to unlock
Our door to forever
With the strength of a heart
We find out who we are
And everyday we're stronger
With the strength of a heart

We're gonna find out what forever is

And you're the one I want to share it with

With the strength of a heart
We hold the key to unlock
Our door to forever
With the strength of a heart
We find out who we are
And everyday we're stronger
With the strength of a heart

It's not impossible that two
People like me and you
Could find each other in this world.
