In those last few seconds before you wake up,  
And let the light shine in on your face.  
I kiss the night goodbye before it takes off  
And wait for it to come visit again.

I need it one more time, ooh.  
Before the morning light, ooh.  
I need it one more time, ooh.

Before I wake up - Feeling like it all was a dream.  
Before the music stops and I'm left in between.  
Before my heartbeat slows down, turning on me.  
And I can't feel the beat.

But the days get longer, ooh.  
And this feeling stronger, ooh.  
I can hear it calling, ooh.  
Let the beat go on  
And the beat goes on. (x2)

Feel the fire in my heart,  
I'm 'bout to explode.  
So hot I'm doing dancing in the rain.  
The minutes and hours are going so slow.  
I wanna do it, wanna do it all again.

I need it one more time, ooh.  
Before the morning light, ooh.  
I need it one more time, ooh.

Before I wake up - Feeling like it all was a dream.  
Before the music stops and I'm left in between.  
Before my heartbeat slows down, turning on me.  
And I can't feel the beat.

I can feel it.  
Can you hear it?  
I can feel it.

But the days get longer, ooh.  
And this feeling stronger, ooh.

I can hear it calling, ooh.  
Let the beat go on  
And the beat goes on. (x2)
