Failing, systemic poison,
Spreading, living,
Circuitry breathing,
Gears are turning,
Waking, heretic bleeding, I'm
Breaking, ruined beneath
Mass reverie.
In reason,
I find my way,
No resolve,
No meaning
You're wearing me down,
I've done what I can to help you,
You're so far away,
I don't know how long I want to wait.
Wasting, hourglass draining,
Step back there's a mask on the face of
Opportunity, open your eyes
The illusions revealed,
Gears are turning,
See the warning,
See for yourself
Crazy, you're crazy
Soapbox preacher
Who believes you
Outcast martyr
Saving the world?
Break the charade
Leave us be, we're at peace
Estimation
Calculation
Malformation [x2]
No, You're wearing me down,
I've done what I can to help you,
You're so far away,
I don't know how much I can take.
Growing away from all I've ever known
Feeling betrayed, mocked and thrown away to die
To die.
