I can't believe  
It over now,  
I see the fire  
In your heart is out

Should I just dream forever?  
We could have stayed together  
And every thing would be alright  
Oh Oh Oh

But by the time  
That I came around  
I was told  
That you were always  
Bring me down

I can still see  
The look writting  
On your face  
It's something that  
You just can't seem  
To erase  
Can't you see  
Is better off  
This way?

I can't believe  
I was so blind  
Cause it's happiness  
That's hard to find

A never ending story  
Now one minute  
For the glory  
This time the  
Hero gets the girl

But by the time  
That I came around  
I was told  
Bring me down

I can still see  
The look writting  
On your face  
It's something that  
You just can't seem  
To erase  
Can't you see  
Is better off  
This way?

I can still see  
The look writting  
On your face  
It's something that  
You just can't seem  
To erase  
Can't you see  
Is better off  
This way?

(I'm leaving you)  
(I'm leaving you)  
(I'm leaving you)  
(I'm leaving you)

I can still see  
The look writting  
On your face  
It's something that  
You just can't seem  
To erase  
Can't you see  
Is better off  
This way?

I can still see  
The look writting  
On your face  
It's something that  
You just can't seem  
To erase  
Can't you see  
Is better off  
This way?
