Sometimes it's tough
When we face our greatest fears
Sometimes it's tough
Something needs to change
And it hurt so much
(It hurt so much)
From all the things we can't erase
And it hurt so much
(It hurts 'cause)
We are the only ones to blame

And maybe it's right where I could see
And maybe it's right where I could
Always hear you calling out to me
(Calling out to me)

No, I wouldn't think twice
So I'll just turn and walk away
It's my sacrifice
In my hands and broken heart
And I'll pay the price
(I'll pay the price)
For everything I can't control
Take my advice
(Take it 'cause)
Things are better left unsaid

And maybe it's right where I could see
And maybe it's right where I could
Always hear you calling out to me
(Calling out to me)
And maybe it's time that I believed
And maybe it's time when I became
A person I was meant to be

Ooo, this could be over
Ooo, this could be over

And maybe it's right where I could see
And maybe it's right where I could
Always hear you calling out to me

(Calling out to me)
And maybe it's time that I believed
And maybe it's time when I became
A person I was meant to be
