I don't know what you think  
If you believed in me  
You take the time to  
Figure out where we went wrong

Sometimes it's hard to see  
If this could ever be  
So much get wasted  
No matter how we try

Over and over again  
To where we started from  
Back too where we belong

Over and over again  
To where we started from  
Back too where we belong

You think there's something wrong  
And that we're too far gone  
Could we just slow down  
Try to fix what's going on  
Feels like we've lost our way  
We're lost without a trace  
Let's start a new day  
Find out the way back home

Over and over again  
To where we started from  
Back too where we belong

Over and over again  
To where we started from  
Back too where we belong

You said you've had enough  
There's nothing left for us  
Can we escape this  
Try to fix where we went wrong  
How would it make you feel  
To know it's something real

And all we have to do  
Just give it another try

Over and over again  
To where we started from  
Back too where we belong

Over and over again  
To where we started from  
Back too where we belong
