Its gonna get better
I really need it to...
better for me, better for you

Its gonna get better
I really need it to...
better for me, better for you

VERSE 1:

I dont know what I'd do with out you
I tell myself just enough to get me through.
I don't know what I'd wear, even if I'd comb my hair
just know I'd be standing here alone...

CHORUS:

Its gonna get better
I really need it to...
better for me, better for you

Its gonna get better
I really need it to...
better for me, better for you

VERSE 2:

There ain't nothing to confess
make me love you any less...
call it devotion or something more
to keep the tide from the shore.
I'm right infront of you babe,
I'm at your back,
I'm by your side when the night turns black.
And at your darkest hour, I will be your power...
When you are weak I am strong, I've been here all
along

CHORUS:

Its gonna get better
I really need it to...
better for me, better for you

Its gonna get better

I really need it to...
better for me, better for you
yeah you...

CHORUS:

Its gonna get better
I really need it to...
better for me, better for you

Its gonna get better
I really need it to...
better for me, better for you
yeah you...
