This town, Another Friday night in this town
Drivin' home from another week workin', Sun up, to sun
down
Your eyes, Those baby blues are lookin' real tired
Tired of the same old same old, Nothin' goin' on in this
town
Two more exits till our exit, Why don't we just keep on
drivin'

We won't be missin' till monday baby
Let's turn this car into a get away Chevrolet
Push the pedal down, turn the radio loud
Just like that, maybe never come back and let's
Ride on outta here, disappear, what do you say?
We won't be missin' till monday

This road, Could take us to the mountains
Maybe up the coast, long as you're here with me
On this bench seat, Don't care where we go

One more exit, Till our exit
Why don't we just blow right by yeah

We won't be missin' till monday baby
Let's turn this car into a get away Chevrolet
Push the pedal down, turn the radio loud
Just like that, maybe never come back and let's
Ride on outta here, disappear, what do you say?
We won't be missin' till monday

I feel inside, Let's run away
We don't need a plan, I'm tired of talkin' 'nout one day
Some day, We won't be missin' till monday

We won't be missin' till monday baby
Let's turn this car into a get away Chevrolet
Push the pedal down, turn the radio loud
Just like that, maybe never come back and let's
Ride on outta here, disappear, what do you say?
We won't be missin' till monday, Mmm
We won't be missin' till monday.
