"Country Neighbors"

Visit "[Country Neighbors](#)" on MotoLyrics.com

In the city, you like 2 feet away,
In a neighborhood its like 20,
But over that boundary,
Your in the country

So be my country neighbor,
live in my neighborhood,
be my country neighbor
walk 2 miles to get to my-- farm

Hire 5000 employees
to work that country farm,
cus fight here in the country,
you need more than 50 arms,

so be my country neighbor,
live in my neighborhood,
be my country neighbor,
walk 2 miles to get to my-- farm

Buy cows, buy chickens,
get horses, and pigs, and dogs,
living in the country,
you need somethin to eat that lawn!

So be my country neighbor,
live in my neighbor hood,
be my country neighbor,
walk 2 miles to get to my-- farm

walk 2 miles to be to my--- farm.

Howdy Neighbor!
