Spent my last cent yesterday, my momma said I'm  
movin' too fast  
I want it all like yesterday, I'm talkin' way much more  
than the cash  
Don't want the flashy cars no designer broads, No it  
ain't even that  
I just want my life to happen, Really happen

Cuz I got a dreams debutin' me, 20 years old livin' no  
way i shouldn't be  
I should be on every Magazine, by now, by now, by  
now, by now.

But nobody see's me the way I do  
and nobody see's you the way you do.  
first you rise then u fall then u get right back up  
and get where you going baby  
then you rise then u fall then u get right back up  
with where are you going

Paranoid About yesterdays, I was comin' lookin down  
as if I had to straight today, I swear I found another  
reason to frown  
I've seen the good to the bad with from hood to the  
magic yeah  
but its different now. I feel like am just singing, you see  
I'm changin.

But I got a dream debutin' me, 20 years old livin no way  
i shouldn't be  
I should Be on every Magazine, By now, by now, by  
now, by now.

But nobody see's me the way I do  
and nobody see's you the way you do.  
first you rise then u fall then u get right back up  
and get where you going  
then you rise then u fall then u get right back up  
with where are you going

where are you going baby?

(x4)

But no body see's me the way I do  
and nobody see's you the way you do.  
first you rise then u fall then u get right back up  
and get where you going  
then you rise then u fall then u get right back up  
with where are you going

Where you going now? child?
