Now I'm still standing here  
Awkward and unaware  
As you scream the topic's closed  
Slam down the telephone

But you swear that you still care  
Now I'm still standing here  
Confused and somewhat drawn  
My head's lost but I'm heartstrong

But you said you've been trying to hold on  
For, oh, so long  
Now I've been thinking that you might  
Like to tag along

But you came off so smooth  
With all your character flaws  
And I'm thinking about you  
And every night I fall

Back into no one's arms  
How could you leave this way?

Now I'm still standing here  
Awkward and unaware  
As you scream the topic's closed  
Slam down the telephone

But you swear that you still care  
Now I'm still standing here  
Confused and somewhat drawn  
My head's lost but I'm heartstrong  
Yeah, I'm heartstrong

And you've been trying to pick me up like a ghost from  
the past  
But you found that it's hard with your blood stained  
hands  
Yeah, it's real hard  
To get a firm grip

And every single minute that you think that your heart's

too broke  
Then your mind kicks in and screams

Let 'em go 'cause I'm torn asunder with no hope  
And every night I fall

Back into no one's arms  
How could you leave this way?

Now I'm still standing here  
Awkward and unaware  
As you scream the topic's closed  
Slam down the telephone

But you swear that you still care  
Now I'm still standing here  
Confused and somewhat drawn  
My head's lost but I'm heartstrong  
Yeah, I'm heartstrong

I just can't stand to see you smile  
From a picture frame  
And all I wanna do is touch your face  
And take you far away, oh, no, no  
I'll take you far away

Now I'm still standing here  
Awkward and unaware  
As you scream the topic's closed  
Slam down the telephone

Now I'm still standing here  
Awkward and unaware  
As you scream the topic's closed  
Slam down the telephone

But you swear that you still care  
I'm still standing here  
Confused and somewhat drawn  
My head's lost but I'm heartstrong

But I'm still standing here  
Tell me why?  
And I'm still standing here  
All this time I'm living a lie

And I'm still standing here  
Tell me why?  
And I'm still standing here  
And I'm heartstrong
