my personal philosophy
clothing is optional
nothin stoppin you from doing what you like me to do
guess wat i like u to do
so lets do this
im me everyday who you is
hes big boy and imma cut the fool
so they put a big blow
yeah i got swag and i run this
make a list of big things ida done this
and shes intrigued by the way it goes down in the big
leagues
so imma give her more
much more
one more two more and a encore
