I love you and don't be a bad boy
Just calm down and become a nice guy
I love you and don't be a bad boy
Go and dance like PSY
I love you and don't be a bad boy.....

[Wretch 32]

I've been a bad boy
I've been long gone
I've been out there
I never phone home
I've never gave you not one little clue where I'd been
I've got a way of
Fallin' in love
With angels that don't shove
You into thinkin' that you are committing a sin
I sung a wrong song
I took a left turn
I stayed too long
As you were thinkin' that I wasn't
Just like all other men
Shawty got potential, but he don't need a sponsor
Now I can't breathe, your smothering me - with lovey
dovey stuff that I don't need

[Sryan]

Please please please won't you tell me, what happened
to that cat you used to be?
Rollin with the hood, and up to no good
Da te da te da- and misunderstood

I love you and don't be a bad boy
Just calm down and become a nice guy
I love you and don't be a bad boy
Go and dance like PSY
I love you and don't be a bad boy.....

[Wretch 32]

Bling-Bling-Bling I don't see no ring.
So I ain't gotsta go and change everything

You had it goin on, but now your so gone
Bringin me flowers, singin love songs
Why-Why-Why do you have to try?
To be someone else? Your livin a lie
Lets check yer head, your losin your edge
Bring back the thug or this thing is dead
What happened to the old boy we've known today?
Back-back-back up, reverse-reverse
Money ain't a issue of mine
I need a man who can take over the spot of ya mind
I need somebody with a strong bank plan

[Sryan]

Please please please won't you tell me, what happened
to that cat you used to be?
Rollin with the hood, and up to no good
Da te da te da- and misunderstood

I love you and don't be a bad boy
Just calm down and become a nice guy
I love you and don't be a bad boy
Go and dance like PSY
I love you and don't be a bad boy.....

[Sryan]

I need a man who can with the third hand
Bad boy hangin out in the club on dubs
Reminisce what it feels with a thug, playa what
That's the kind I need in my life
That will make a sista feel right, ooh
I don't care what time it will be, like 2 or 3
When you bring that body next to me, that's what I
need
We can do it fast or slow, and around and round we go
Strawberries and ice cream, that's what he brings
But we never do the same thing, ya na' mean
A bad little boy moved into the neighborhood
He won't do nothin' right just a-sittin' got to look so
good
He don't wanna go to school and learn to read and
write
Just sits around the house and plays that rock n' roll
music all night

[Sryan]

Please please please won't you tell me, what happened
to that cat you used to be?
Rollin with the hood, and up to no good
Da te da te da- and misunderstood

I love you and don't be a bad boy

Just calm down and become a nice guy
I love you and don't be a bad boy
Go and dance like PSY
I love you and don't be a bad boy.....
