[Verse 1]

for a moment I lost my heart and the fun  
but now I found out the problem  
I am getting up to have fun  
there is no point of wasting time sitting in bed  
while you're off school  
you will have the happiest time of your life  
only if you could live it you would  
so now will you bring joy to the weekend?

[Chorus]

I bring joy to the weekend  
I am gonna befriend my old friend  
when I'm down I won't go to town  
you changed your mind and got up now  
I am bringing joy to the weekend

[Verse 2]

don't be an uncool man  
be a sound man  
when you're out don't be too hard on yourself  
don't chill on the track  
get up and be a cool man  
so now will you bring joy to the weekend?

[Chorus]

I bring joy to the weekend  
I am gonna befriend my old friend  
when I'm down I won't go to town  
you changed your mind and got up now  
I am bringing joy to the weekend

[Chorus]

I bring joy to the weekend  
I am gonna befriend my old friend  
when I'm down I won't go to town  
you changed your mind and got up now  
I am bringing joy to the weekend

[Verse 3: Adele]

can't forget the day

that you walked into my life  
it was just the kind of thing  
that was so right on time  
after all the love changes  
my heart had locked the door  
then that girl released her magic  
and made me love once more  
just look what she's done for me  
she's erased all the sadness away  
I can never repay the debt  
cause she keeps loving me more and more and more  
goodbye loneliness and so long to my bad life  
and now I am bringing joy to the weekend

[Chorus]

I bring joy to the weekend  
I am gonna befriend my old friend  
when I'm down I won't go to town  
you changed your mind and got up now  
I am bringing joy to the weekend

[Chorus]

I bring joy to the weekend  
I am gonna befriend my old friend  
when I'm down I won't go to town  
you changed your mind and got up now  
I am bringing joy to the weekend
