I can't seem to tell you
All the things that should be said
And the fact that hearts will break
Is my only regret
Heaven knows how we try so hard
And still nothing makes it right

[Christina Aguilera]

I hope you don't give up on me
I won't give up on you
Us, you, oh, well
Hot damn
Summer in the city
Spend a lot of time
Please don't call me
I am so busy
Please don't call me
I am doing work
Please don't call me
I am in school
Please, just please, please, just please, please
Please don't call me

With girls that look pretty
Step off in the club with bout 50
What's the matter, baby
You don't feel me?
Well I love them stiletto boots
And them apple bottoms
Girl you look so cute
And I
Gotta find a way to get next to you
Cos we destined to
Get up later on, baby
When people say we ain't got to go home
But get the hell out of here
You need to call up my phone and

Tell me where to meet ya
Never been a dreamer, until I met you
Made me a believer with all the things you do
Struck me with your arrow, pierced me through the
heart
Should you ever miss me wherever you are

[Christina Aguilera]
I hope you don't give up on me
I won't give up on you
Us, you, oh, well
Hot damn
Summer in the city
Spend a lot of time
Please don't call me
I am so busy
Please don't call me
I am doing work
Please don't call me
I am in school
Please, just please, please, just please, please
Please don't call me

Seven six four three five whenever you call
You don't need a reason, no reason at all
Just to hear the whisper, just to hear your voice
Nothing to consider, love is not a choice
You got me tossin' and a turnin'
Cryin' and a yearnin' for your love
You're the only guy for me
Even though you broke my heart in two
Sittin' 'round the phone
We both know you and I, have been through harder
times
But now your silence seems, a very different kind
It feels like I've been dyin', just to hear your voice again

[Christina Aguilera]
I hope you don't give up on me
I won't give up on you
Us, you, oh, well
Hot damn
Summer in the city
Spend a lot of time
Please don't call me
I am so busy
Please don't call me
I am doing work

Please don't call me
I am in school
Please, just please, please, just please, please
Please don't call me
