Oh some times I think back to when I was younger  
Life was so much simpler then  
Dad would be up at dawn  
He'd be watering the lawn  
Or maybe going fishing again

Oh and mom would be fixing up something in the  
kitchen  
Fresh biscuits or hot apple pie  
And I'd spend all day long in the basement  
Torturing rats with a hack-saw  
And pulling the wings off of flies

[Chorus]

The years go by but the memories stay with me  
And he'll never lose that hold  
He'll never change his ways  
The good times won't grow old  
These are the good old days, the good old days

I can still remember good old Mr. Fender  
Who ran the corner grocery store  
Oh, he'd strolled down the aisle with a big friendly  
smile  
And he'd say "Howdy" when you walked in the door

[Chorus]

The years go by but the memories stay with me  
And he'll never lose that hold  
He'll never change his ways  
The good times won't grow old  
These are the good old days, the good old days  
These are the good old days, the good old days

Always treated me nice, gave me kindly advice  
I don't know why I set fire to his place  
Oh I'll never forget the day I bashed in his head  
Well you should've seen the look on his face

Then I tied her to a chair and I shaved off all her hair  
And I left her in the desert all alone

Well sometimes in my dreams  
I can still hear the screams

[Chorus]

The years go by but the memories stay with me  
And he'll never lose that hold  
He'll never change his ways  
The good times won't grow old  
These are the good old days, the good old days  
These are the good old days, the good old days

[Chorus]

The years go by but the memories stay with me  
And he'll never lose that hold  
He'll never change his ways  
The good times won't grow old  
These are the good old days, the good old days  
These are the good old days, the good old days

Oh some times I think back to when I was younger  
Life was so much simpler then
