[Sryan]

Come on, come on, let's party!, Justin over to you.....

[Justin Bieber]

Everybody.., let's go and meet that lady

She is the one, she is yo smexy

I am gonna go out with her

Let's go to the club with our pals

Sryan!!!!

[Sryan]

Yo I walk up to the ginger prince Ed Sheeran

And now I want to meet the smexy girl

I walk into the light and she see's me

But she walks on by me

I still keep following her and in the moment of nighttime

I caught her and asked her what her name is

She said her name is Laura Field

I don't mean to place a shield

She is the chick I know

I go up to her and give her a ho and I say

You're a smexy chick

[Beat Break]

She is the chick I know

I go up to her and give her a ho and I say

You're a smexy chick

You're a smexy chick

You're a smexy chick

You're a smexy chick

[Justin Bieber]

Come on and let's make some happy memories tonight

I wanna be with you

She goes and says give me another ho

Let's have a wonderful time in Niagara Falls

Let's have a time alone in my room

[Sryan]

Yo I walk up to the ginger prince Ed Sheeran

And now I want to meet the smexy girl  
I walk into the light and she see's me  
But she walks on by me  
I still keep following her and in the moment of nighttime  
I caught her and asked her what her name is  
She said her name is Laura Field  
I don't mean to place a shield  
She is the chick I know  
I go up to her and give her a ho and I say  
You're a smexy chick

[Beat Break]

She is the chick I know  
I go up to her and give her a ho and I say  
You're a smexy chick

She is the chick I know  
I go up to her and give her a ho and I say  
You're a smexy chick

She is the chick I know  
I go up to her and give her a ho and I say  
You're a smexy chick  
You're a smexy chick  
You're a smexy chick  
You're a smexy chick

[Justin Bieber]  
Yo she's a smexy chick  
That's Laura Field for ya  
I'll give you money for a perm and it could be worth a  
holiday to America  
Yo she's a smexy chick  
That's Laura Field for ya
