[Verse 1]

All the world is laughing
All the world is dancing
I'm sat here, romancing
Nobody, on my own

Don't know where I'm going
Or who I am no more
Lying on the carpet, beating,
Beating, lying down on the floor

When all the world's been dreaming
I've been burning all my feelings
I wish that I was dreaming too
I wish I was asleep

[Chorus]

And it's my guitar that discovers me blind
for all I can see is the clarity side
Can you please take me home?
on the trash from the plums?
for all I can see is the clarity side
Can you please take me home?
And it's my guitar that discovers me blind
for all I can see is the clarity side
Can you please take me home?
How I subsist with candled up nights and pure spirit's
I don't know how you dragged me here
Can you please take me home?

[Verse 2]

Four in the morning, the party's over,
I think I need you now.
I can't remember when you left me,
But I'm alone somehow

I can hear your voice ringing in my ear,
Telling me to just slow down.
Sometimes I'm on a run. What have I become?
That's enough, I'm tappin' out

When all the world's been dreaming
I've been burning all my feelings
I wish that I was dreaming too
I wish I was asleep

[Chorus]

And it's my guitar that discovers me blind
for all I can see is the clarity side
Can you please take me home?
On the trash from the plums?
for all I can see is the clarity side
Can you please take me home?
And it's my guitar that discovers me blind
for all I can see is the clarity side
Can you please take me home?
How I subsist with candled up nights and pure spirit's
I don't know how you dragged me here
Can you please take me home?

Wrote you a letter
I never sent it
I never sent it
I never sent, send it

Wrote you a letter
I never send it
You should notice that
I never sent, send it

On the trash from the plums?
for all I can see is the clarity side
Can you please take me home?

[Chorus]

And it's my guitar that discovers me blind
for all I can see is the clarity side
Can you please take me home?
On the trash from the plums?
for all I can see is the clarity side
Can you please take me home?
And it's my guitar that discovers me blind
for all I can see is the clarity side
Can you please take me home?
How I subsist with candled up nights and pure spirit's
I don't know how you dragged me here
Can you please take me home?

Wrote you a letter
I never sent it
I never sent it
I never sent, send it

Wrote you a letter
I never send it
You should notice that

So take me home?
