[Saoirse Talbot]

You can go and find it or you can do your own thing
You can go and find it or you can do your own thing
You can go and find it or you can do your own thing
You can go and find it or you can do your own thing
You can go and find it or you can do your own thing
You can go and find it or you can do your own thing
You can go and find it or you can do your own thing
You can go and find it or you can do your own thing

[Sryan]

We always do this
It's like a bad trick
It may look cool but it burns
We are like magnets
Gravity like planets
Somehow we always return
I don't wanna go
I don't wanna stay
We're going up and down
We're going round and round
Been here before
It's always the same
We're going to break up and then
Kiss and make up again

[Saoirse Talbot]

You can go and find it or you can do your own thing
You can go and find it or you can do your own thing
You can go and find it or you can do your own thing
You can go and find it or you can do your own thing
You can go and find it or you can do your own thing
You can go and find it or you can do your own thing
You can go and find it or you can do your own thing
You can go and find it or you can do your own thing

[Dylan Pringals Doherty]

Another bad fight
Another hot night
It's just like heaven and hell
Can't separate us

It's like somebody chained us
We try but can't help ourselves
Oh then we bounced right back
Tried to break it off
You did it to yourself
Now your all by your self
Acting like you hate me
I left because you made me
You played me to the left
Now there's nobody left
To hear your complaining I'm gone and all you hear is
your own
E-echo

[Saoirse Talbot]

You can go and find it or you can do your own thing
You can go and find it or you can do your own thing
You can go and find it or you can do your own thing
You can go and find it or you can do your own thing
You can go and find it or you can do your own thing

[Adam Maples]

It started off great
But who was to know
That love is lost
Cannot be let go
You say it's my fault
OK then I'll go
It's better to know
Now there's nobody to argue with
Cause I'm not home
Don't care who your with
Don't call my phone
Or did you forget
You know your wrong
I'm gone (gone)
And your all alone hearing your own damn
E-echo

[Saoirse Talbot]

You can go and find it or you can do your own thing
You can go and find it or you can do your own thing
You can go and find it or you can do your own thing
You can go and find it or you can do your own thing
You can go and find it or you can do your own thing
