[Verse 1: Jennifer Lopez]

People try to put us d-down. talking about my
generation

Just because we get around. talking about my
generation

Things they do look awful c-c-cold. talking about my
generation

I hope I die before I get old. talking about my
generation

This is my generation,

This is my generation, baby.

Why don't you all f-fade away? talking about my
generation

Don't try and dig what we all s-s-say. talking about my
generation

I'm not tryin' to cause a big s-s-sensation, talking about
my generation

I'm just talkin' 'bout my generation. talking about my
generation

This is my generation,

This is my generation, baby

[Chorus]

Dance like we were never alive

Dance like we will have some more fun

I will wait for the generation

La La La La La La La

Tonight, I will wait for the generation

La La La La La La La

Tonight, I will wait for the generation

[Verse 2: Jennifer Lopez]

They're singing it in Paris freaking out, talking about
my generation,

They're running wild in Rio it's so loud, talking about
my generation,

Theirs a party on every street in high ground, talking
about my generation

Singapore to Cairo, talking about my generation,

This is my generation,

This is my generation, baby

We are moving, talking about my generation
We stand united through the night, talking about my generation
Somebody got the word out in the street, talking about my generation
A Simple message spreading with the beat, talking about my generation
This is my generation,
This is my generation, baby

[Chorus]

Dance like we were never alive
Dance like we will have some more fun
I will wait for the generation
La La La La La La La La
Tonight, I will wait for the generation
La La La La La La La La
Tonight, I will wait for the generation

Dance like we were never alive
Dance like we will have some more fun
I will wait for the generation
We're losing it in London baby
Chicago's going crazy
Dance like we were never alive
Dance like we will have some more fun
I will wait for the generation

[Chorus]

Dance like we were never alive
Dance like we will have some more fun
I will wait for the generation
La La La La La La La La
Tonight, I will wait for the generation
La La La La La La La La
Tonight, I will wait for the generation
