[Enrique Iglesias]

I'm looking at the future, I see it in your face  
I don't know where you came from, you came from  
But girl, you can tell me on the way  
I ain't no Casanova and I'm not spitting u no game  
Your heart's been broken over and over  
But I'll make you trust in love again

[Chorus]

You can do tricks when you believe  
You can fly when you believe  
You can have magic when you believe  
When you believe, anything could happen  
When you believe, anything could happen  
When you believe, anything could happen

[Enrique Iglesias]

I sit alone and watch the clock  
Trying to collect my thoughts  
All I think about is you  
And so I cry myself to sleep  
And hope the devil I don't meet  
In the dreams that I live through  
All the smiles you had to fake  
And all the shit you had to take  
Just to lead us here again

[Chorus]

You can do tricks when you believe  
You can fly when you believe  
You can have magic when you believe  
When you believe, anything could happen  
When you believe, anything could happen  
When you believe, anything could happen

You can do tricks when you believe  
You can fly when you believe  
You can have magic when you believe  
When you believe, anything could happen  
When you believe, anything could happen  
When you believe, anything could happen

[Enrique Iglesias]  
Her momma said  
It's wastin' tips in an all night diner  
Babies, boys and black eye liner  
It's a woman's life, it ain't rocket science  
But she set her sight on the Ivy League  
Got a full free ride and her PhD  
Now she's down in Houston  
And she's one of NASA's finest  
He's 91, she's 85  
Said, "By God, we're still alive  
Let's go steppin' out before we cash it' in"

[Chorus]  
You can do tricks when you believe  
You can fly when you believe  
You can have magic when you believe  
When you believe, anything could happen  
When you believe, anything could happen  
When you believe, anything could happen

You can do tricks when you believe  
You can fly when you believe  
You can have magic when you believe  
When you believe, anything could happen  
When you believe, anything could happen  
When you believe, anything could happen
