Hey hey hey!  
Hey hey hey!  
Hey hey hey!

She said I was a loser  
I was yeah like whatever  
Her friends laughed at me as they walked away  
Got you same time the next day  
Oh great!  
They're headed my way  
She screams "Life must be hard without a brain!"

One hundred thousand people's thoughts are running  
through my mind (Through my mind)  
Are you gonna take it personal?  
No! I ain't blind

That's just the way girls are  
Up in your face behind your back  
Like they got no heart  
Never gonna change  
That's just the way girls are  
Until it hurts they make it worse  
Leaving all those scars  
Pouring on the pain  
Sticks and stones may break my bones  
But their words hurt worse by far  
That's just the way girls are

Hey hey hey!  
Hey hey hey!

She scores to be size zero  
Thinks it makes her a hero  
Her friends tell her it's cool  
So why ask why?  
Uh-Oh! she's getting fatter!  
Drop by, runs down the ladder  
Some chick calls her a pig  
She starts to cry

One hundred thousand people's thoughts are running  
through my mind (Through my mind)  
Are you gonna take it personal?  
No! I ain't blind

That's just the way girls are  
Up in your face behind your back  
Like they got no heart  
Never gonna change  
That's just the way girls are  
Until it hurts they make it worse  
Leaving all those scars  
Pouring on the pain  
Sticks and stones may break my bones  
But their words hurt worse by far  
That's just the way girls are!

So out of control!  
Running hot or cold  
What is with insults  
Making life a living hell!

Making up again  
Are they really friends  
Or enemies?  
Only time will tell

Sticks and stones may break my bones  
But their words hurt worse by far  
That's just the way girls are!

Yea... It's just the way girls are.  
So mean... yet cute! (haha)  
NEVER GONNA CHANGE!

That's just the way girls are  
Up in your face behind your back  
Like they got no heart  
Never gonna change  
That's just the way girls are  
Until it hurts they make it worse  
Leaving all those scars  
Pouring on the pain  
Sticks and stones may break my bones  
But their words hurt worse by far  
That's just the way girls are!

Hey hey hey  
Hey hey hey  
Hey hey hey
