I see the world in one dimension
Ooh I
Ooh I
I see the world in one dimension
Ooh I
Ooh I
I see the world in one dimension
Ooh I
Ooh I
I only see through my dementia
So I
Ooh I
And I want to tell you this
Feelings seem to run my mind
Clarity is bliss
Chemistry is what we are
I see the world in one dimension
Ooh I
Ooh I
And I want to tell you this
Feelings seem to run my mind
Clarity is bliss
Chemistry is what we are
And I want to tell you this
Feelings seem to run my mind
Clarity is bliss
Chemistry is what we are
And I want to tell you this
Feelings seem to run my mind
Clarity is bliss
Chemistry is what we are
Feelings seem to run my mind
Chemistry is what we are
Feelings seem to run my mind
Chemistry is what we are
