Look up in the sunshine
Look up in the sunshine

His hat is on, the burnin' eye
Up above, the heavens high
Hot as hell, fire is all
Give us life, give us life

Look up in the sunshine
Look up in the sunshine

Expanding warmth, we offer you
All we own, all we own
Falcon head, shed your tears
Bear us all, bear us all

Look up in the sunshine
Look up in the sunshine

Look up in the sunshine
Look up in the sunshine

(Look up)
Look up in the sunshine
(Look up)
Just look up in the sunshine

His hat is on, the burning eye
(Look up in the sunshine)
Up above, the heavens high
Hot as hell, fire is all
(Look up in the sunshine)
Give us life, give us life

Look up in the sunshine
Look up in the sunshine
