

## Simian "When I Go"

Visit "[When I Go](#)" on [MotoLyrics.com](https://MotoLyrics.com)

When I go, where will I go, on my own, when I go  
when I go, where will I go, on my own, when I go

and will you be waiting. Waiting for me,  
how will I find you, what will I say

when I go, where will I go, on my own, when I go  
when I go, where will I go, on my own, when I go

and will you be waiting. Waiting for me,  
how will I find you, what will I say

What will I say

What will I say

What will I say

and will you be waiting. Waiting for me,  
how will I find you, what will I say

What will I say

What will I say

What will I say
