Gonna tell you a little story
About a boy and his beats and how he made an army
He took a long gaze up at the sky and said
That's where I'm gonna be, God, I really need to be

Get me to the place where I can free
To live how I want to and let me do me
Gotta make a change immediately
Gonna do it on my own, just watch and you'll see

I'll make myself an army out of people I love
Soldiers who will fight, who will give it all up
And when the day comes I will give it all away
To every single one of them and what will they say

They're gonna give up their life
They're gonna give it their all
They're gonna give their everything

I'm gonna give up my life
I'm gonna give it my all
I'm gonna give it my everything

Come on get in line with me
Throw your hands up for the fight of century
Come on and tear some shit up with me
Come and round up 'cause we're filling out the
infantry-y

Are you gonna lead, tell what do you say
If you're gonna stop, better do it today
Are we gonna win, hell definitely-y
Get in line with me

Me

So this is the beginning of beginning of the end
The ending of the battle that I know we're gonna win
And though it's been a very long and difficult road
We've got a military full of people who are [inaudible]

They're gonna give up their life

They're gonna give it their all
They're gonna give their everything

I'm gonna give up my life
I'm gonna give it my all
I'm gonna give it my everything

Come on get in line with me
Throw your hands up for the fight of century
Come on and tear some shit up with me
Come and round up 'cause we're filling out the
infantry-y

Are you gonna lead, tell what do you say
If you're gonna stop, better do it today
Are we gonna win, hell definitely-y
Get in line with me

Are you gonna lead

Ooh yeah

Come on get in line with me
Throw your hands up for the fight of century
Come on and tear some shit up with me
Come and round up 'cause we're filling out the
infantry-y

Are you gonna lead, tell what do you say
If you're gonna stop, better do it today
Are we gonna win, hell definitely-y
Get in line with me

Come on get in line with me
Throw your hands up for the fight of century
Come on and tear some shit up with me
Come and round up 'cause we're filling out the
infantry-y

Are you gonna lead, tell what do you say
If you're gonna stop, better do it today
Are we gonna win, hell definitely-y
Get in line with me
